Cows selling with a called fetal sex were ultra-sounded at 60-80 days by Dr. Todd Bickett. This is his stated opinion, but not guaranteed.

Lots # 36A & 36B Reserving the right to 6 transferable embryos after calving. All expenses would be at seller's expense and time of flush at buyer's convenience.

36X Buyers option: Seller will buyback one half interest if buyer so chooses. If buyer takes all, seller reserves the right to 6 transferrable embryos at the buyers convenience and sellers expense. Will work with any Jr. AHA member if they choose the buyback option in order to show through Jr. Nationals and all Jr. Shows for the 2016 – 2017 Show Season.

All Bulls selling will qualify for the TN Agricultural Enhancement Genetics Program after they pass a BSE.
